## ABOUT ME

Hardworking and enthusiastic college student working towards a BFA in Animation. Adept at working independently and collaboratively on projects, and committed to achieving visual innovation. I also have two short films in progress, one being collaborative and the other being solo.

## WORK HISTORY

### Slime Box Co. - Product Designer

**Oct 2020 — March 2021**  
**Northridge**

Designed new products for sale monthly. Worked in a group setting to package and ship product. I also handled quality control to make sure each product was correctly put together and fresh.

### Streamily - Product packager/ Streaming Assistant

**Apr 2021 — Aug 2021**  
**Northridge**

I packaged and shipped out products in a warehouse in a fast paced environment. I worked with a team to make sure all components of the package were correctly placed and put together before shipping the product out. I also worked as a streaming assistant and worked one on one with voice actors to set up and mediate their live streams.
